How does hobby metal detecting relate to professional archaeological practice? Does England comply with Article 3 of the Valetta Convention? The proposed changes to the Treasure Act 1996 and consultation on future ways forward – what should we say?

RESCUE's annual Open Meeting will look at these issues, still hotly debated after 20 years of the Portable Antiquities Scheme.

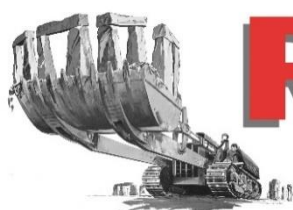

Speaker: Keith Westcott on his plans for an Institute of Detectorists

Discussion panel: Michael Lewis (Portable Antiquities Scheme), Tim Pestell (Norwich Castle Museum), Jude Plouviez (Rescue), Sarah Poppy (Historic England)
